About

US

IE Consulting is a leading business consulting firm, with IEs holding over 25 years of practical experience with Global world-class organizations, including NASA, Intel, Raytheon, and Audi among others. Dr. Laith AbuHilal led organizations with thousands of employees for decades, and is also an academic doctor who taught at different universities and still teaches at German Jordan University, in addition to engaging in dozens of projects and research in Jordan, Germany and the US.

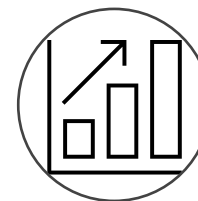

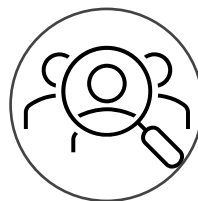

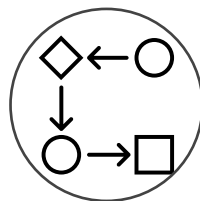

Our team engages with the company and works in a different approach than other consulting companies, whereby at IE consulting we work with the client, and we partner with the staff to achieve the projects' goals together.

The project starts with conceptualization, defining the current issues,

Our team values are based on the constantly changing needs of our clients therefore, we aim towards their satisfaction and continually seek new and better ways to serve them by utilizing our data driven approach to fully implement tailor made solutions that will let your business excel.

At IE We believe the right use of data will deliver the best results. It will give our clients practical and durable results, helping them grow and lead no matter the challenge.

Contact us now to book a free consultation session with one of our experts.
